

## HEALTH BRIEFS

### Capital Health adds third brain surgeon

TRENTON — Capital Health has added a third dual-trained cerebrovascular and endovascular neurosurgeon, Dr. Mandy J. Binning, to its Stroke and Cerebrovascular Center of New Jersey, part of its Institute for Neurosciences.

Binning joins Dr. Erol Veznedaroglu and Dr. Kenneth Liebman, who started the program just more than two years ago. All fellowship trained neurosurgeons, Veznedaroglu, Liebman and Binning have been trained and specialize in both traditional and minimally invasive cerebrovascular neurosurgery.
