CAPITAL HEALTH'S PANCREAS PROGRAM

Pancreas cancers and precancerous lesions are among the most challenging tumors to diagnose and effectively treat. At Capital Health, we have assembled a team of expert physicians and support staff to provide university-level care in a convenient, local setting. Our physicians dedicated years to specialized training in the field of pancreatic cancer and disease, including additional subspecialty fellowships.

Multidisciplinary and Collaborative Care for Your Patients

- Pancreaticobiliary and hepatobiliary surgery
- Surgical oncology
- Minimally invasive surgery
- Therapeutic endoscopy (gastroenterology)
- Gastrointestinal pathology
- Surgical critical care (ICU)
- Interventional radiology
- Experienced MAGNET nursing staff in a high-volume setting

The physicians of Capital Health's Pancreas Program pride themselves in providing collaborative care with the patients' local oncologists. For those patients, however, who wish to receive all their care at Capital Health, appointments with medical and radiation oncologists can be arranged.

Advanced Diagnosis and Treatment for Pancreas Cancer and Disease

- Pancreas cancer
- Pancreatic neuroendocrine tumors
- Pancreatic cysts
- Chronic pancreatitis
- Acute pancreatitis
- Pancreatic pseudocysts
- Autoimmune pancreatitis

With our program, you can count on:

- 24/7 access for direct physician to physician referrals
 - GI therapeutic endoscopy: 609.537.5000
 - GI/pancreatic surgery: 609.537.6000
- Hassle-free system for hospital inpatient transfers to Capital Health, as well as timely outpatient appointments
- Coordinated care with the most innovative diagnostic and therapeutic technology and techniques available
- Ongoing communication and a proven history of directing patients back to referring physicians
- Referrals can also be faxed to 609.537.5050 (GI/therapeutic endoscopy), 609.537.6002 (surgery), or 609.537.6251 (GI pathology).

PHYSICIAN BIOS

Joshua Cantor, MD
