

STEVEN A. JOHNSON, MD, FACS

Dr. Johnson received his medical degree from Thomas Jefferson University's Jefferson Medical College in Philadelphia. He completed his internship and residency in general surgery at Thomas

Jefferson University Hospital and his fellowship training in trauma and surgical critical care at the R. Adams Cowley Shock Trauma Center, University of Maryland, in Baltimore.

Dr. Johnson served as instructor in surgery in the Department of Surgery at Christiana Care Health Systems in Newark, DE, prior to becoming clinical assistant professor of surgery at Jefferson Medical College in Philadelphia. At Christiana, he also served as associate program director for the General Surgery Residency Program and associate chief of Trauma and Acute Care Surgery. During his tenure at Christiana, he was also the director for Undergraduate Medical Education, overseeing the education curriculum and all medical students rotating primarily from Jefferson Medical College, Philadelphia College of Osteopathic Medicine, and guest rotating students from a number of other institutions.

Dr. Johnson is double board certified by the American Board of Surgery in general surgery and surgical critical care.

**CAPITAL HEALTH
SURGICAL GROUP**

Steven A. Johnson, MD, FACS

A surgeon who covers all bases.

Surgeons are needed for many reasons. You need them in an emergency when you are injured or suddenly fall ill. You need them for diagnosed illnesses that need to be treated. Even surgeons sometimes need to talk to other surgeons in complex or unusual cases.

At Capital Health Surgical Group, Dr. Steven Johnson provides state-of-the-art surgical care to critically ill and injured patients and is available to medical and surgical colleagues for immediate consultation on complex or unusual surgeries. As director of Surgical Critical Care, he leads the Surgical Intensive Care Unit at Capital Health Medical Center – Hopewell as a resource to referring physicians and provides patients in sudden need of surgery with the highest quality care based on evidence-based practices.

As a fellowship trained, dual-boarded surgeon, Dr. Johnson provides an academic level of experience in various areas of surgery that used to only be available in big cities like Philadelphia and New York City.

Now it's available here in Central New Jersey.
