

The annual  
**GRANT PROGRAM**,  
the centerpiece of Capital Women in  
Philanthropy, provides vital funding to  
enhance Capital Health's existing programs  
and services, as well as seed new initiatives.

Each spring, CWP members, friends and  
guests gather for the **CIRCLE OF CARE  
RECEPTION**. This very special evening  
provides the opportunity for grant  
recipients to share the projects that are  
funded through the Grant Program.

These informative presentations highlight  
the impact of the collective support that  
improves the quality of life for patients,  
their families and caregivers.

# capital WOMEN

in PHILANTHROPY

Women have been and continue to be an integral part of Capital Health's success as the region's leading healthcare resource. Capital Women in Philanthropy (CWP) invites you to join our network of caring women who share a deep commitment to the health and well-being of family, friends and community.

CWP members represent a diverse group of women in the communities we serve as well as Capital Health physicians, nurses and other healthcare professionals throughout our healthcare system. Membership encourages women's active involvement in the life of our dynamic institution. Together, we can have a significant impact on Capital Health's role as a valued resource, providing innovative, compassionate, high quality care to all who might benefit.

## Join US

Capital Women in Philanthropy welcomes your participation with a gift at any level to help ensure that Capital Health's exceptional physicians, nurses and staff continue providing the highest standard of care.

Participation in CWP is renewable on an annual basis. Members who make yearly gifts of \$250 or more are invited to take part in the selection process for the annual Grant Program.

## Our IMPACT

Since Capital Women in Philanthropy began in 2007, members have collectively contributed over \$600,000 advancing patient care, enhancing programs and expanding community outreach efforts through CWP's Annual Grant Program.

The generous spirit of our community becomes more integral to our mission of bringing leading-edge care and compassionate programs to patients, their families, and our community.
