Missed Appointment Policy

Our goal is to provide quality individualized medical care in a timely manner. "No-shows" and late cancellations inconvenience those individuals who need access to medical care in a timely manner. We would like to remind you of our office policy regarding missed appointments. This policy enables us to better utilize available appointments for our patients in need of medical care.

Cancellation of an Appointment

In order to be respectful of the medical needs of other patients, please be courteous and call our office promptly if you are unable to show up for an appointment. This time will be reallocated to someone who is in need of treatment. If it is necessary to cancel your scheduled appointment, we require that you call at least **24 hours** in advance. Appointments are in high demand, and your early cancellation will give another person the possibility to have access to timely medical care.

How to Cancel Your Appointment

To cancel appointments, please call your office. If you do not reach the receptionist you may leave a detailed message on the voice mail. If you would like to reschedule your appointment, please leave your phone number. We will return your call and give you the next available appointment time.

Late Cancellations: A late cancellation is considered when a patient fails to cancel their scheduled appointment with a **24 hour** advance notice.

No Show Policy: A "no-show" is someone who misses an appointment without cancelling it in an adequate manner. A failure to be present at the time of a scheduled appointment will be recorded in your appointment history as a "no-show".

Missed Appointment Fees

- Patients who fail to keep an appointment will be rescheduled once upon request: **No Charge**
- After a second and subsequent missed appointment: **\$25 fee billed to your account**
- Third missed appointment: **Possible discharge from our practice**
