

In recognition of National Doctor's Day

Capital Health is committed to a bold vision of health that empowers patients within and beyond the hospital walls and serving our community with integrity, compassion and excellence.

THANK YOU for ALL that you do each day to make this bold vision a reality!

2025 CAPITAL GRATITUDE HONOREES

In 2025, many of our patients and their families were inspired by the outstanding care they received from our physicians, nurses and allied health professionals and chose to make philanthropic gifts in their honor.
